Hello, Neighbor! We’re A Sweet Success bakery, not just your average bakery. We are the one and only non-profit bakery in the heart of Greensboro, North Carolina. Everyday at our bakery we provide one-on-one job training for adults with special needs by teaching them different baking techniques. All the baked goods we make in our kitchen is sold around the community and every cent we make goes directly to Sanctuary House, our parent non-profit organization who started our bakery. When our customers support our bakery they are getting a great product that makes their dollars go farther; all while increasing public awareness of mental illness and providing income. Like we always say “Making a difference is a piece of cake”!

So take a peek inside at our wonderful menu and find out more at
